

The Basics of Business Finance

2-3 Hours
Online Course

This course is designed to give you a good understanding of the basics of business finance. You will learn how businesses are funded and what the money's used for; how they make profits and generate cash; how to measure business performance; where to find the information you'll need. You'll see how income statements and balance sheets work and you'll also understand key financial jargon, concepts and commonly used financial metrics.
