

Strategic & Commercial Finance for Business Leaders

2 Days (for dates see www.financetalking.com)

SUMMARY

Starting with a brief recap, we break down the drivers of shareholder value to understand what they mean for strategy and for you in your leadership role. From this two-day course, you will take away the skills you need to engage fully in strategic discussions and corporate finance decisions, enabling you to contribute effectively to your organisation's financial decision-making processes.

OUTCOMES

- ✓ Understand the big picture – what shareholder value really means and how this feeds through to strategy and investment decision-making
- ✓ Appreciate the impact of the economic environment and how this might impact strategy and risk management
- ✓ Gain an overview of whole company valuation for listed and private companies and in M&A situations
- ✓ Be able to identify key performance indicators, appreciate how they drive the business and see how to set appropriate targets
- ✓ Further develop your practical financial management skills

WHAT'S INCLUDED

- Briefing papers, online courses and quizzes available after your course via a virtual classroom
- Access to our tutors by phone or email should you have any questions after your course
- A folder containing all your course materials
- A copy of our printed financial glossary
- Breakfast, lunch and snacks throughout the day at one of wallacespace's lovely venues

After the course, you will have access for 4 months to the following online courses as a reminder and to help you consolidate your knowledge:

- The Basics of Business Finance
- Understanding Shareholder Value
- Budgeting & Forecasting
- Investment Appraisal
- How to Analyse a Company
